Australian Government

Rob established Strategic Risk Solutions in 2002 to provide businesses with a better value add proposition than was then available to the market concerning governance, risk & compliance services. Since that time Rob and Strategic Risk Solutions have become established as a trusted advisor to many companies providing consultancy services to a diverse range of organisations throughout Australia, New Zealand, the Pacific and Europe.

In addition to his work at Strategic Risk Solutions Rob has held senior risk positions in large companies including being global head of risk at Multiplex (major listed construction, development, infrastructure and funds management company) as the Group General Manager, Risk and Compliance, Regional Manager Australasia/the Pacific/Japan at Travelex (global foreign exchange company) and Chief Risk Officer, A/NZ at McGrathNicol (Australia's leading insolvency services firm).

Rob's experience across governance, risk and compliance is extensive consulting to and advising government and some of the largest companies in Australia and internationally, a few of which are shown. With diverse industry experience Rob is highly skilled in the development and implementation of enterprise-wide risk programs, fraud risk services, business continuity management, OH&S, cultural and change management, compliance programs and audits, insurance program management, governance reviews along with policy development and associated training development and delivery. He has lectured and presented to government agencies, seminars, universities and companies on government, risk and compliance. He has considerable experience with government organisation in counter-terrorism and Critical infrastructure Protection review.

Industry experience includes financial, oil & gas, insurance, construction, health, retail, manufacturing, infrastructure, marine & aviation, not for profit and government, telecommunications, law enforcement and media. Rob was also formerly in the NSW Police holding various positions up to Detective Superintendent.

Rob's experience is strongly supported with tertiary studies in management, law, business, accounting and administration. He holds a range of credentials from various professional associations including the Australian Organisation for Quality, the Association of Certified Fraud Examiners (Certified Fraud Examiner), the Risk Management Institution of Australasia and the Insolvency Practitioners Association of Australia. Rob has a variety industry certification and holds licences and a Secret level clearance with the Australian government. He has considerable governance experience as a director of various companies, memberships of Board committees on audit, risk & compliance, compliance committee membership under the Corporations Act, along with various Boards and committees for charity and not for profit organisations.
